ADDITIONAL FOREIGN NEWS BY CAPE Bace, Sept. 14.—We have the following by the steamship Arabia:
Earl Russell's reply to the Emancipation
Society, relative to Laird's rams, shows a tone
of universal disapproval, but nothing, he says,
can te done without affidavita.

can te done without affidavits.

The Pays denies the official character of the pamphlet of M. Chevalier, advocating the recognition of the Southern Confederacy.

The Moniteur explains that the rebel pirate

Florida was only permitted to make indispen-sable repairs at Brest. The Liverpool Post says it now appears that the steam rams launched from Laird's yards were built for the Confederate Government, and that neither the French Government nor people were concerned in the business, but a French banker was. The rams were to be paid for out of the Confederate loan. M. L'Angier was one of the centractors for that loan, and also guarant for the payment of the contract with Mr. Laird. He has a mortgage on both vessels, and, therefore, they may ultimately become his property, but then the law would have to deal with this new feature in the transaction-L'Angier might sell to the British Government at cost price. They are well worth the money—not for sea, but for coast and harbor service. For privateers they are to-

tally unfit. The Paris Pays states that the two ships were not constructed for the French Government, but were ordered by the Governmedt of Egypt, as their names indicate.

The Paris Moniteur says the Florida, sailing under the Confederate flag, entered Brest for the repair of damages, and that her reception was according to the ordinary principles of international law.

The Moniteur says that at the opening of the war the French Government, in accord with other Powers, recognized the Confederate States as belligerents,, and declared its intention of observing a strict neutrality between the two parties. In like cases, it is the right, as well as the duty of neutrals, to permit the vessels of belligerents to procure means, not for fighting purposes, but for navigation; therefore it has been decided that the Florida could be admitted to procure all that is indispensable to maintain her in a good navigable state, without being able to make purchases tending to recruit her war arrangements.

The London Times publishes some particulars as to the Florida's career, related by Capt.

Maffit, He claims to have treated all prisoners of war with the greatest respect. He says the Anglo-Saxon was captured sixty miles from Cork. When she was captured her pilot was referred to the Confederate Government for the settlement of any just claim he might have. Capt. Maffit said, as to his quitting Brest, he said there would soon be seven or eight Federals outside the only channel.

The Very Latest. LIVERPOOL, Sept. 6.—The China arrived here at two o'clock this afternoon. The Stock Exchange closed to-day. The result of her news on American securities was not therefore devolved. The bombardment of Charleston further depressed the Confederate loan; no business done, but it was nominally called at from thirty-five to thirty per cent. discount.

An important pamphlet, ascribed to official origin, has been published, entitled "France, Mexico, and the Confederacy." It sets forth the interest which France has in recognizing the Confederate States, and the impossibility of the reestablishment of the American Union: maintaining that the American war would be useful to France, if separation between the North and the South should be definitely pronounced; for the Confederate States would be allies of France, would guarantee her from attack from the North, and would fulfill her hopes, and her manufacturers would obtain The Paris correspondent of the London Morning Herald has good reason to believe that this pamphlet expreses not only the opinion but the intention of the Imperial Government. As to the time when the intention shall be carried into effect, it depends exclusively on the

Emperor, but it assuredly will not be delayed.
The correspondent of the Daily News writes that he considers the pamphlet in such perfect harmony with the known bearing of the Emperor, that he thinks it with while to notice that if Slidell, who has lately had repeated interviews with Drouyn de L'Huys, following upon conferences with the Emperor himself, had received a carte blanche to publish the pamphlet in Paris, he could not have written more favorably for the Southern cause, or apologized more ingeniously for the institution of slavery, than he does in this pamphlet.

Induced by the extensive sale and universalposularity of Hoefiand's German Bitters, (purely vegetable.) hosts of ignorant Quacks and unserspulous adventurers, have opened upon suffering humanity the flood-gates of Nestrams in the shape of poet whisky, vilely compositive with injurious drags and christened Tonics, St. machics and Bitters.

Beware of the innumerable array of Alcoholis preparations in plethoric bottles and big-bellied kegs, under the modest appellation of Bitters; which, instead of curing, only aggravate disease, and leave the disappointed sufferer in despair.

HOOFLAND'S GERMAN BITTERS are not a new and untried article, but have stood the test of fifteen years trial by the American pub-lic; and their reputation and sale, are not rivalled by any similar preparation.

The proprietors have thousands of Letters from the most eminent CLERGYMEN

LAWYERS, PHYSICIANS, and CITIZENS. Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters. Do You Want Something to Strengthen You?

Do You Want a Good Appetite? Do You Want to Build Up Your Constitution?

Do You Want to Feel Well? Do You Want to Get Rid of Nervouences? Do You Want Energy?

Do You Want a Brisk and Vigorous Posting IF YOU DO. USE HOOFLAND'S GERMAN BITTERS. From Rev. J. Newton Brown, D.D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this projudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

ATTENTION, SOLDIERS! AND THE PRIENDS OF SOLDIERS.

We call the attention of all having relations of friends in the army to the fact that "HOOFLAND'S GERMAN BITTERS" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoodand's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the fellowing remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his ewn language, 'has been saved by the Bitters:''

PHILADRIPHIA, Augustined, M.M.

Masers. Jones & Evens.—Well, gentlemen, your
Hoofland's German Bitters has saved my life. There
is no mistake in this. It is vouched for by numbers
of my comrades, some of whose names are appended,
and who were fully cognizant of all the circumstances of my case. I am, and have been for the
last four years, a member of Sherman's celebrated
battery, and under the immediate command of Captain B. B. Ayres. Through the exposure attendant
upon my arduous duties, I was attacked in Nevember last with inflammation of the lungs, and was
for seventy-two days in the hospital. This was follewed by great debility, heightened by an attack of
dysentery. I was then removed from the White
House and sent to this city on board the steamer
"Btate of Maine," from which I landed on the Stite
of June, Since that time I have been about as low
as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to
swallow anything, and if I did force a morsel down,
it was immediately thrown up again
I could not even keep a glass of water on my
stomach. Life could not last under these circumit was immediately thrown up again

I could not even keep a glass of water on my stomach. Life could not last under these circumstances, and, accordingly, the physicions who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread Arches, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbron, of Sixth, below Arch st., advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, setting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to reight my wife and daughter, from whom I have heard nothing for eighteen mosths; for, gentlemen, I am a loyal Virginian from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.

Very truly yours
